TIPS FOR SUCCESSFUL MOBILE DEPOSITS.

- Sign/endorse the back of the check; **"For Mobile Deposit"** and include account number.
- Make sure you capture all four corners of the check
- Make sure the amount on the check is the amount you enter to deposit
- Flatten folded or crumpled checks before capturing the image
- Keep the check within the view finder on the screen when capturing the image
- Capture the image in a well-lit area
- Place the check on a solid dark background when capturing the image
- Keep your device flat and steady above the check and not on an angle
- Make sure the entire check image is visible and in focus before you submit your deposit
- There should be no shadows or bright spots across the image
- The MICR line (numbers on the bottom of the check) must be readable
